

Shepton Mallet Local History Group

There was an action on the Secretary to investigate the feasibility of the Shepton Mallet Local History Group amalgamating with the Shepton Mallet Heritage Society.

The legal opinion received from Sheena Spacy BGW was that this was a can of worms.

The committee resolved unanimously on 25 March 2013 not to do this.

Recommendation

However given that the SMLHG is the closest organisation in objectives to SMHS it would be a simple process to close down SMHS and transfer funds to SMLHG.

The mechanism would be to contact previous trustees to see if any objection raised, put a letter in the paper stating the intent and if no objections received just to proceed and do that and advise the Charity Commission. It's that simple.
